

Updates and Project Success Package

Helping you get the most of your e-learning!

1 Keep Your Content Fresh and Up to Date

Whether it's new slide designs, content updates, or refreshed narration, we ensure your modules stay current and engaging. Our designers will work with you to develop visually appealing slides, update existing content, and re-record narration as needed. If your programme uses AI narration, enjoy unlimited changes at no extra cost.

2 Extended Warranty

Get peace of mind with our extended warranty service. We provide comprehensive technical support beyond the standard period, ensuring rapid issue resolution and minimal downtime so your learners enjoy an uninterrupted experience.

3 Branded Launch Graphics and Certificates

We'll create branded launch graphics to help you announce new programmes through your internal comms, plus custom completion certificates that reinforce a sense of accomplishment and add value to the learning experience.

4 ReflectAI Feedback and Monthly Recommendations

Our ReflectAI system captures qualitative feedback directly from learners, giving you rich insights into their experience. We use this data to provide monthly recommendations for content improvements, ensuring your e-learning programme continuously evolves and improves.
